

# Barbering at E-Salon

A dedicated route into men's hair — from foundation skills to advanced detail, beard work and classic barbering.

## Level 2 — Diploma for Barbering Professionals

The recognised industry entry qualification for barbers, accredited by City & Guilds.

### Core units

- Client consultation for barbering services
- Shampoo, condition and treat the hair and scalp
- Cut men's hair using basic techniques
- Dry and finish men's hair
- Cut facial hair into shape
- Working safely, effectively and hygienically

## Level 3 — Advanced Barbering Professional

Advanced techniques for the working barber.

### Core units

- Creative cutting (clipper work, fades, classic shapes)
- Design and create facial hair shapes
- Provide shaving services
- Colour men's hair
- Salon business and client retention

### Kit list (provided on enrolment)

- Cutting scissors & thinning scissors
- Professional clippers & trimmers
- Combs (cutting, tail, barber)
- Open razor & disposable blades
- Brushes, neck duster, capes
- Hair dryer

## Assessment

- Practical observation on real clients in the salon
- Written and online theory assessments
- Portfolio of evidence

**Apprenticeship route:** Barbering Professional Standard (ST0215) — typically 24 months on-programme plus end-point assessment, delivered alongside paid employment in a partner salon.
